November 2022

1

 **Presenter**

Dr. Sarah Machell
Medical Director, VP Medical Operations
Vetster Inc.

2

Vetster What is Vetster?

- 

Vetster is the **fastest-growing virtual veterinary care marketplace**, connecting vets to clients over video or chat.
- 

Allowing veterinarians the **flexibility of working remotely**, on their own time, with innovative digital solutions to provide **on-demand virtual care**.
- 

Credible, North American licensed veterinarians matched with pet parents in their region.
- 

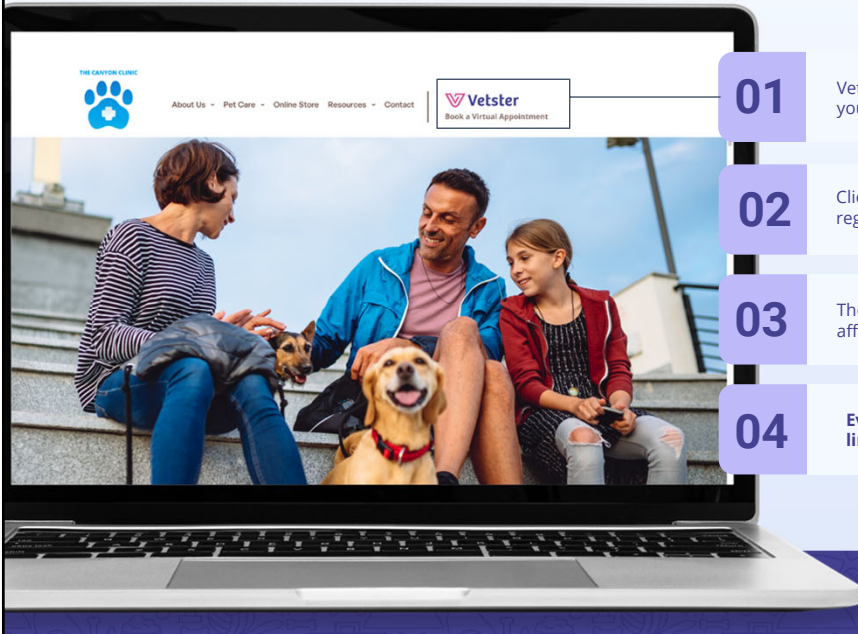

Extending their professional opportunities achieving better work-life balance and longevity in the industry.
- 

Able to market themselves based on licence location, species treated, experience and areas of practice interest
- 

Independent operators, setting their own schedules and fees.

3

Vetster Working with us

- 01** Vetster creates a **shareable link** that can be placed on your clinic website.
- 02** Clients are directed to follow the link from your website to register a Vetster account and book their appointment.
- 03** The link tracks the booked appointments through an affiliate program.
- 04** Every completed appointment booked through the link results in direct compensation for the clinic.

4

 **Register for Vetster's clinical support today**

Registration is **free** and takes minutes to complete.

Support for your practice
clinicsupport@vetster.com

Let's help pet parents be the best they can be by giving them access to a licensed vet 24/7.

Join our program

- ★ Reduce non-urgent overflow
- ★ Support patient care when on divert status
- ★ Reduce client wait times
- ★ Improve patient outcomes
- ★ Manage clinical workload
